## Which Club ECELA option is right for me?

**Lite:** You plan to study only a few weeks or you would just like to “test” ECELA. You can always upgrade later. Just note that your services taken before upgrading cannot be repriced.

**Standard:** The best option if you plan on studying a total of 4-8 weeks. As in “Lite”, you may upgrade later but cannot reprice services already taken.

**Premium:** You might study 9+ weeks during your lifetime.
